

Frédéric DE FIGUEIREDO

Student at ABS/available in part-time

OBJECTIVES

I am looking for a part-time job in the music industry. Music is my passion; I like to listen to it all the time and to see the evolution of musician's career as much as I am curious to all kind of jobs and workers around it.

After my high school degree, I had the opportunity to apply and improve my IT knowledge and also learned how to work in an office as well as in events. Now I am starting a BBA program at the American Business School in order to have skills more in line with the career I look up to.
